

To whom it may concern:

Please support Bill 726, it would help revitalize our failing economy. This bill would help small business owners project a larger image not otherwise achievable if approached any other way. Places like Seymour have their "antique shops" located in an area comprised of historic buildings and structures not conducive to most other types of business... it works!

This Bill can be a way for CT to retain the historic charm being lost in downtown areas while allowing small business owners a chance to succeed in an otherwise unfriendly business climate. It's not a cure from the harsh realities of CT's unquenchable thirst for more taxation, but it's a positive move in the right direction for struggling families.

Please support Bill 726
